1920

NEW SERIES, VOLUME 17

No. 11

WASHINGTON
GOVERNMENT PRINTING OFFICE
1921

THE Catalogue of Copyright Entries is published in four parts. Part 1, Group 2, issued monthly, contains mainly titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1 (issued several times a week), including also, however, preliminary reports of court decisions, local directories, herd books, and other annuals, etc. The entries are arranged alphabetically by authors, or, if anonymous, by title. An asterisk (*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor and his address.

Group 2 also contains, in four separate alphabets, the titles of the entries made in Class "C," Lectures, sermons, addresses, prepared for oral delivery, which are arranged alphabetically by author; Class "D," Dramatic compositions, arranged alphabetically by title; Class "F," Maps, arranged alphabetically by the subject word of each title; Class "L," Motion-picture photoplays; and Class "M," Motion pictures other than photoplays, arranged alphabetically by title.

Under the act of March 4, 1909, in effect from July 1, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A," Class A, Books; "A—Foreign," Foreign books in foreign languages; "C," Class C, Lectures, sermons, addresses, prepared for oral delivery; "D," Class D, Dramatic compositions; "F," Class F, Maps; "L," Class L, Motion-picture photoplays; and "M," Class M, Motion pictures other than photoplays. "©" implies copyright registration of a published work, followed by date of publication; "© 1 c." stands for copyright of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy; and "2 c." for two copies, followed by date of their receipt. In the case of contributions to periodicals only one copy of the issue or issues containing such contribution is required. "A ad int." implies ad interim copyright registration under the law of March 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

A list of the books of which the subsisting copyright has been renewed and extended under section 24 of the act of March 4, 1909, will be found in Part 1, Group 1.

Each number contains an index of the names of all copyright proprietors, the names of authors of pamphlets, the titles of anonymous pamphlets, and the names of authors of dramatic compositions. The annual index supplies, in addition, the titles of all dramas and motion pictures and the subject words of all maps.

The annual subscription price for the Catalogue of Copyright Entries (received only for the calendar year) for Part 1, Groups 1 and 2, is $1.00 for 1920, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

The act of March 4, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

NOTICE.

The Copyright Act of 1909 provides that of the articles deposited for copyright registration the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright under the provisions of section 60 of the act.

NOTICE is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant that, in so far as any copyright articles deposited from July 1, 1909, to June 30, 1914, inclusive, are still remaining in the files of the Copyright Office and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1920.

This notice includes any *printed and published* copyright deposits such as books, periodicals, dramatic compositions, musical compositions, engraving, cuts or prints, lithographs, photo-engravings, or photographs. Manuscripts or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

To secure such possible return the claimant of copyright of record should make formal request for the return of the articles, which must be separately and definitely specified. A suitable blank will be supplied on request. Address REGISTER OF COPYRIGHTS, *Library of Congress, Washington, D. C.*

COPYRIGHT—GREAT BRITAIN.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

A PROCLAMATION.

April 10, 1920.

Whereas it is provided by the act of Congress of March 4, 1909, entitled "An act to amend and consolidate the acts respecting copyright," that the provisions of section 1 (e) of said act, "so far as they secure copyright controlling the parts of instruments serving to reproduce mechanically the musical work, shall include only compositions published and copyrighted after this act goes into effect, and shall not include the works of a foreign author or composer unless the foreign state or nation of which such author or composer is a citizen or subject grants, either by treaty, convention, agreement, or law, to citizens of the United States similar rights";

And whereas it is further provided that the copyright secured by the act shall extend to the work of an author or proprietor who is a citizen or subject of a foreign state or nation, only upon certain conditions set forth in section 8 of said act, to wit:

(a) When an alien author or proprietor shall be domiciled within the United States at the time of the first publication of his work; or

(b) When the foreign state or nation of which such author or proprietor is a citizen or subject grants, either by treaty, convention, agreement, or law, to citizens of the United States the benefit of copyright on substantially the same basis as to its own citizens, or copyright protection substantially equal to the protection secured to such foreign author under this act or by treaty; or when such foreign state or nation is a party to an international agreement which provides for reciprocity in the granting of copyright, by the terms of which agreement the United States may, at its pleasure, become a party thereto;

And whereas it is further provided by the act of Congress approved December 18, 1919, "that all works made the subject of copyright by the laws of the United States first produced or published abroad after August 1, 1914, and before the date of the President's proclama-

tion of peace, of which the authors or proprietors are citizens or subjects of any foreign state or nation granting similar protection for works by citizens of the United States, the existence of which shall be determined by a copyright proclamation issued by the President of the United States, shall be entitled to the protection conferred by the copyright laws of the United States from and after the accomplishment, before the expiration of fifteen months after the date of the President's proclamation of peace, of the conditions and formalities prescribed with respect to such works by the copyright laws of the United States: *Provided further*, That nothing herein contained shall be construed to deprive any person of any right which he may have acquired by the republication of such foreign work in the United States prior to the approval of this act";

And whereas the President is authorized to determine and declare by proclamation the existence of similar protection for works by citizens of the United States as the purposes of the act may require;

And whereas satisfactory official assurance has been given by the Government of Great Britain that, by virtue of the authority conferred by the British copyright act, 1911, a British order in council was duly issued on February 9, 1920, directing that—

1. The copyright act, 1911, shall, subject to the provisions of the said act and of this order, apply to works first published in the United States of America between the 1st August, 1914, and the termination of the war, which have not been republished prior to the commencement of this order in the parts of His Majesty's Dominions to which this order applies, in like manner as if they had been first published within the parts of His Majesty's Dominions to which the said act extends:

Provided that the enjoyment by any work of the rights conferred by the copyright act, 1911, shall be conditional upon publication of the work in the Dominions to which this order relates not later than six months after the termination of the war, and shall commence from and after such publication, which shall not be colourable only, but shall be intended to satisfy the reasonable requirements of the public.

2. The provisions of section 15 of the copyright act, 1911, as to the delivery of books to libraries shall apply to works to which this order relates upon their publication in the United Kingdom.

3. In the case of musical works to which this order relates and provided that no contrivances by means of which the work may be mechanically performed have before the commencement of this order been lawfully made, or placed on sale, within the parts of His Majesty's Dominions to which this order applies,

copyright in the work shall include all rights conferred by the said act with respect to the making of records, perforated rolls and other contrivances by means of which the work may be mechanically performed.

4. This order shall apply to all His Majesty's Dominions, Colonies, and Possessions with the exception of those hereinafter named, that is to say: The Dominion of Canada; the Commonwealth of Australia; the Dominion of New Zealand; the Union of South Africa; Newfoundland.

5. Nothing in this order shall be construed as depriving any work of any rights which have been lawfully acquired under the provisions of the copyright act, 1911, or any order in council thereunder.

6. This order shall take effect as from the 2nd day of February, 1920, which day is in this order referred to as the commencement of this order.

And the lords commissioners of His Majesty's treasury are to give the necessary orders accordingly.

Now therefore, I, Woodrow Wilson, President of the United States of America, do hereby declare and proclaim—

1. That one of the alternative conditions specified in sections 1 (e) and 8 (b) of the act of March 4, 1909, and acts amendatory thereof, including the act of December 18, 1919, now exists and is fulfilled and since February 2, 1920, has been fulfilled in respect to the subjects of Great Britain and the British Dominions, Colonies, and Possessions, with the exception of the self-governing Dominions of Canada, Australia, New Zealand, South Africa, and Newfoundland, and that such British subjects are entitled to all the benefits of the copyright act of March 4, 1909, and the acts amendatory thereof, including the act of December 18, 1919, for all of their works first published in Great Britain after August 1, 1914, and before the President's proclamation of peace, and not already republished in the United States:

Provided that the enjoyment by any work of the rights and benefits conferred by the copyright act of March 4, 1909, and the acts amendatory thereof, including the act of December 18, 1919, shall be conditional upon compliance with the requirements and formalities prescribed with respect to such works by the copyright laws of the United States before the expiration of fifteen months after the date of the President's proclamation of peace, and shall commence from and after compliance with those requirements, constituting due registration for copyright in the United States.

2. That in the case of musical works to which this proclamation relates, and provided that no contrivances, including records, perforated rolls, and other devices by means of which the work may be mechanically performed, have been lawfully made or placed on sale within the United States before February 2, 1920, copyright shall include the special benefit of section 1 (e) of the copyright act of March 4, 1909, namely "copyright controlling the parts of instruments serving to reproduce mechanically the musical work."

3. Nothing in this proclamation shall be construed to abrogate or limit any rights and benefits conferred under the reciprocal arrangements with Great Britain or its self-governing Dominions providing for copyright protection heretofore proclaimed.

4. This proclamation shall take effect as from the 2nd day of February, 1920.

In testimony whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

By the President:
BAINBRIDGE COLBY
Secretary of State

GREAT BRITAIN—COPYRIGHT ORDER IN COUNCIL.

Feb. 9, 1920 At the Court at Buckingham Palace, the 9th day of February, 1920

Present, the King's Most Excellent Majesty; Lord President; Earl Curzon of Kedleston; Lord Colebrooke; Sir Frederick Ponsonby.

Whereas by reason of conditions arising out of the war difficulties have been experienced by citizens of the United States of America in complying with the requirements of the copyright act, 1911, as to first publication within the parts of His Majesty's Dominions to which the act extends of their works first published in the United States of America during the war:

And whereas His Majesty is advised that the Government of the United States of America has undertaken, upon issue of this order, to extend the protection afforded by the United States law of December 18, 1919, entitled "An act to amend sections 8 and 21 of the copyright act, approved March 4, 1909," to British subjects:

And whereas by reason of the said undertaking of the Government of the United States of America His Majesty is satisfied that the said Government has made, or has undertaken to make, such provision as it is expedient to require for the protection of works first made or published between the 1st August, 1914, and the termination of the war in the parts of His Majesty's Dominions to which this order applies, and entitled to copyright under Part I of the copyright act, 1911:

And whereas by the copyright act, 1911, authority is conferred upon His Majesty to extend, by order in council, the protection of the said act to certain classes of foreign works within any part of His Majesty's Dominions, other than self-governing Dominions, to which the said act extends:

And whereas by reason of these premises it is desirable to provide protection within the said Dominions for literary or artistic works first published in the United States of America between August 1, 1914, and the termination of the war which have failed to accomplish the formalities prescribed by the copyright act, 1911, by reason of conditions arising out of the war:

Now, therefore, His Majesty, by and with the advice of His Privy Council, and by virtue of the authority conferred upon him by the copyright act, 1911, is pleased to order, and it is hereby ordered, as follows:

1. The copyright act, 1911, shall, subject to the provisions of the said act and of this order, apply to works first published in the United States of America between the 1st August, 1914, and the termination of the war, which have not been republished prior to the commencement of this order in the parts of His Majesty's Dominions to which this order applies, in like manner as if they had been first published within the parts of His Majesty's Dominions to which the said act extends:

Provided that the enjoyment by any work of the rights conferred by the copyright act, 1911, shall be conditional upon publication of the work in the Dominions to which this order relates not later than six months after the

termination of the war, and shall commence from and after such publication, which shall not be colourable only, but shall be intended to satisfy the reasonable requirements of the public.

2. The provisions of section 15 of the copyright act, 1911, as to the delivery of books to libraries, shall apply to works to which this order relates upon their publication in the United Kingdom.

3. In the case of musical works to which this order relates and provided that no contrivances by means of which the work may be mechanically performed have before the commencement of this order been lawfully made, or placed on sale, within the parts of His Majesty's Dominions to which this order applies, copyright in the work shall include all rights conferred by the said act with respect to the making of records, perforated rolls, and other contrivances by means of which the work may be mechanically performed.

4. This order shall apply to all His Majesty's Dominions, Colonies, and Possessions with the exception of those hereinafter named, that is to say: The Dominion of Canada; the Commonwealth of Australia; the Dominion of New Zealand; the Union of South Africa; Newfoundland.

5. Nothing in this order shall be construed as depriving any work of any rights which have been lawfully acquired under the provisions of the copyright act, 1911, or any order in council thereunder.

6. This order shall take effect as from the 2nd day of February, 1920, which day is in this order referred to as the commencement of this order.

And the lords commissioners of His Majesty's treasury are to give the necessary orders accordingly.

ALMERIC FITZROY

COPYRIGHT—DENMARK.

By the President of the United States of America.

A Proclamation.

Whereas it is provided by the Act of Congress of March 4, 1909, entitled "An Act to Amend and Consolidate the Acts Respecting Copyright," that the provisions of Section 1 (e) of said Act, "so far as they secure copyright controlling the parts of instruments serving to reproduce mechanically the musical work, shall include only compositions published and copyrighted after this Act goes into effect, and shall not include the works of a foreign author or composer unless the foreign state or nation of which such author or composer is a citizen or subject grants, either by treaty, convention, agreement, or law, to citizens of the United States similar rights":

And whereas it is further provided that the copyright secured by the Act shall extend to the work of an author or proprietor who is a citizen or subject of a foreign state or nation, only upon certain conditions set forth in section 8 of said Act, to wit:

(*a*) When an alien author or proprietor shall be domiciled within the United States at the time of the first publication of his work; or

(*b*) When the foreign state or nation of which such author or proprietor is a citizen or subject grants, either by treaty, convention, agreement, or law, to citizens of the United States the benefit of copyright on substantially the same basis as to its own citizens, or copyright protection substantially equal to the protection secured to such foreign author under this Act or by treaty; or when such foreign state or nation is a party to an international agreement which provides for reciprocity in the granting of copyright, by the terms of which agreement the United States may, at its pleasure, become a party thereto:

And whereas it is further provided by the Act of Congress approved December 18, 1919, "that all works made the subject of copyright by the laws of the United States first produced or published abroad after August 1, 1914, and before the date of the President's proclamation of peace, of which the authors or proprietors are citizens or subjects of any foreign state or nation granting similar protection for works by citizens of the United States, the existence of which shall be determined by a copyright proclamation issued by the Presi-

dent of the United States, shall be entitled to the protection conferred by the copyright laws of the United States from and after the accomplishment, before the expiration of fifteen months after the date of the President's proclamation of peace, of the conditions and formalities prescribed with respect to such works by the copyright laws of the United States: Provided further, That nothing herein contained shall be construed to deprive any person of any right which he may have acquired by the republication of such foreign work in the United States prior to the approval of this Act."

And whereas the President is authorized to determine and declare by proclamation the existence of similar protection for works by citizens of the United States as the purposes of the Act may require;

And whereas satisfactory official assurance has been given by the Government of Denmark that the Royal decrees of February 22, 1913, issued by virtue of the authority conferred by the Danish Copyright Law of April 1, 1912, extending to American authors the rights and privileges conferred by that law (including reproduction by mechanical instruments and cinematographic representation), were not cancelled during the war and that if protection is granted in the United States to works by Danish authors which have been published during the war, protection in Denmark for American authors would take effect automatically.

Now therefore, I, Woodrow Wilson, President of the United States of America, do hereby declare and proclaim

1. That one of the alternative conditions specified in Sections 1 (e) and 8 (b) of the Act of March 4, 1909, and acts amendatory thereof, including the Act of December 18, 1919, now exists and is fulfilled in respect to the subjects of Denmark, and that such Danish subjects are entitled to all the benefits of the Copyright Act of March 4, 1909, and the acts amendatory thereof, including the Act of December 18, 1919, for all of their works first published in Denmark after August 1, 1914, and before the President's proclamation of peace, and not already republished in the United States:

Provided that the enjoyment by any work of the rights and benefits conferred by the Copyright Act of March 4, 1909, and the acts amendatory thereof, including the Act of December 18, 1919, shall be conditional upon compliance with the requirements and formalities prescribed with respect to such works by the copyright laws of the United States before the expiration of fifteen months after the date of the President's proclamation of peace, and shall commence from and after compliance with those requirements, constituting due registration for copyright in the United States.

2. That in the case of musical works to which this proclamation relates, and provided that no contrivances, including records, per-

forated rolls and other devices by means of which the work may be mechanically performed, have been lawfully made or placed on sale within the United States before the date of this proclamation, copyright shall include the special benefit of Section 1 (e) of the Copyright Act of March 4, 1909, namely "copyright controlling the parts of instruments serving to reproduce mechanically the musical work."

3. Nothing in this proclamation shall be construed to abrogate or limit any rights and benefits conferred under the reciprocal arrangements with Denmark heretofore proclaimed.

In testimony whereof, I have hereunto set my hand and caused the Seal of the United States to be affixed.

Done in the District of Columbia this ninth day of December in the year of our lord one thousand nine hundred
[SEAL.] and twenty and of the Independence of the United States of America the one hundred and forty-fifth.

THE Catalogue of Copyright Entries is published in four parts. Part 1, Group 2, issued monthly, contains mainly titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1 (issued several times a week), including also, however, preliminary reports of court decisions, local directories, herd books, and other annuals, etc. The entries are arranged alphabetically by authors, or, if anonymous, by title. An asterisk (*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different a separate statement is made at the end of the title, giving the proprietor and his address.

Group 2 also contains, in four separate alphabets, the titles of the entries made in Class "C," Lectures, sermons, addresses, prepared for oral delivery, which are arranged alphabetically by author; Class "D," Dramatic compositions, arranged alphabetically by title; Class "F," Maps, arranged alphabetically by the subject word of each title; Class "L," Motion-picture photoplays; and Class "M," Motion pictures other than photoplays, arranged alphabetically by title.

Under the act of March 4, 1909, in effect from July 1, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A" Class A, Books; "A—Foreign," Foreign books in foreign languages; "C," Class C, Lectures, sermons, addresses, prepared for oral delivery; "D," Class D, Dramatic compositions; "F," Class F, Maps; "L," Class L, Motion-picture photoplays; and "M," Class M, Motion pictures other than photoplays. "©" implies copyright registration of a published work, followed by date of publication; "© 1 c." stands for copyright of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy; and "2 c." for two copies, followed by date of their receipt. In the case of contributions to periodicals only one copy of the issue or issues containing such contribution is required. "A ad int." implies ad interim copyright registration under the law of March 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

A list of the books of which the subsisting copyright has been renewed and extended under section 24 of the act of March 4, 1909, will be found in Part 1, Group 1.

The annual contains the names of all copyright proprietors, the names of authors of pamphlets, the titles of anonymous pamphlets, and the names of authors and titles of dramatic compositions, the titles of all motion pictures and the subject words of all maps.

The annual subscription price for the Catalogue of Copyright Entries (received only for the calendar year) for Part 1, Groups 1 and 2, is $1.00 for 1920, payable in advance to the Superintendent of Documents, Washington, D C., by postal money order, express order, or New York draft.

The act of March 4, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

NOTICE.

The Copyright Act of 1909 provides that of the articles deposited for copyright registration the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright under the provisions of section 60 of the act.

NOTICE is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant that, in so far as any copyright articles deposited from July 1, 1909, to June 30, 1914, inclusive, are still remaining in the files of the Copyright Office and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1920.

This notice includes any *printed and published* copyright deposits such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscripts or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

To secure such possible return the claimant of copyright of record should make formal request for the return of the articles, which must be separately and definitely specified. A suitable blank will be supplied on request. Address REGISTER OF COPYRIGHTS, *Library of Congress, Washington, D. C.*

PAMPHLETS, LEAFLETS, CONTRIBUTIONS TO NEWSPAPERS OR PERIODICALS, ETC.; LECTURES, SERMONS, ADDRESSES FOR ORAL DELIVERY; DRAMATIC COMPOSITIONS; MAPS; MOTION PICTURES

NEW SERIES, VOLUME 17

VOLUME INDEX FOR THE YEAR 1920

WASHINGTON

GOVERNMENT PRINTING OFFICE

1921

THE Catalogue of Copyright Entries is published in four parts. Part 1, Group 2, issued monthly, contains mainly titles of pamphlets, leaflets, literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1 (issued several times a week), including also, however, preliminary reports of court decisions, local directories, herd books, and other annuals, etc. The entries are arranged alphabetically by authors, or, if anonymous, by title. An asterisk (*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor and his address.

Group 2 also contains, in four separate alphabets, the titles of the entries made in Class "C," Lectures, sermons, addresses, prepared for oral delivery, which are arranged alphabetically by author; Class "D," Dramatic compositions, arranged alphabetically by title; Class "F," Maps, arranged alphabetically by the subject word of each title; Class "L," Motion-picture photoplays; and Class "M," Motion pictures other than photoplays, arranged alphabetically by title.

Under the act of March 4, 1909, in effect from July 1, 1909, the preliminary entry of titles has been abrogated and registration follows deposit of copies with an application for entry in the Copyright Office.

To save space in the Catalogue, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A," Class A, Books; "A—Foreign," Foreign books in foreign languages; "C," Class C, Lectures, sermons, addresses, prepared for oral delivery; "D," Class D, Dramatic compositions; "F," Class F, Maps; "L," Class L, Motion-picture photoplays; and "M," Class M, Motion pictures other than photoplays. "©" implies copyright registration of a published work, followed by date of publication; "© 1 c." stands for copyright of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy; and "2 c." for two copies, followed by date of their receipt. In the case of contributions to periodicals only one copy of the issue or issues containing such contribution is required. "A ad int." implies ad interim copyright registration under the law of March 4, 1909, of a book published abroad in the English language, for which the deposit of only one copy is required.

A list of the books of which the subsisting copyright has been renewed and extended under section 24 of the act of March 4, 1909, will be found in Part 1, Group 1.

The annual index contains the names of all copyright proprietors, the names of authors of pamphlets, the titles of anonymous pamphlets, and the names of authors and titles of dramatic compositions, the titles of all motion pictures and the subject words of all maps.

The annual subscription price for the Catalogue of Copyright Entries (received only for the calendar year) for Part 1, Groups 1 and 2, is $1.00 for 1921, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

The act of March 4, 1909, provides that the Catalogue of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

NOTICE.

The Copyright Act of 1909 provides that of the articles deposited for copyright registration the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright under the provisions of section 60 of the act.

NOTICE is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, in so far as any copyright articles deposited from July 1, 1909, to June 30, 1914, inclusive, are still remaining in the files of the Copyright Office and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1921.

This notice includes any *printed and published* copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscript or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

To secure such possible return the claimant of copyright of record should make formal request for the return of the articles, which must be separately and definitely specified. A suitable blank will be supplied on request. Address REGISTER OF COPYRIGHTS, *Library of Congress, Washington, D. C.*

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

A PROCLAMATION.

April 10, 1920.

Whereas it is provided by the act of Congress of March 4, 1909, entitled "An act to amend and consolidate the acts respecting copyright," that the provisions of section 1 (e) of said act, "so far as they secure copyright controlling the parts of instruments serving to reproduce mechanically the musical work, shall include only compositions published and copyrighted after this act goes into effect, and shall not include the works of a foreign author or composer unless the foreign state or nation of which such author or composer is a citizen or subject grants, either by treaty, convention, agreement, or law, to citizens of the United States similar rights";

And whereas it is further provided that the copyright secured by the act shall extend to the work of an author or proprietor who is a citizen or subject of a foreign state or nation, only upon certain conditions set forth in section 8 of said act, to wit:

(a) When an alien author or proprietor shall be domiciled within the United States at the time of the first publication of his work; or

(b) When the foreign state or nation of which such author or proprietor is a citizen or subject grants, either by treaty, convention, agreement, or law, to citizens of the United States the benefit of copyright on substantially the same basis as to its own citizens, or copyright protection substantially equal to the protection secured to such foreign author under this act or by treaty; or when such foreign state or nation is a party to an international agreement which provides for reciprocity in the granting of copyright, by the terms of which agreement the United States may, at its pleasure, become a party thereto;

And whereas it is further provided by the act of Congress approved December 18, 1919, "that all works made the subject of copyright by the laws of the United States first produced or published abroad after August 1, 1914, and before the date of the President's proclama-

tion of peace, of which the authors or proprietors are citizens or subjects of any foreign state or nation granting similar protection for works by citizens of the United States, the existence of which shall be determined by a copyright proclamation issued by the President of the United States, shall be entitled to the protection conferred by the copyright laws of the United States from and after the accomplishment, before the expiration of fifteen months after the date of the President's proclamation of peace, of the conditions and formalities prescribed with respect to such works by the copyright laws of the United States: *Provided further*, That nothing herein contained shall be construed to deprive any person of any right which he may have acquired by the republication of such foreign work in the United States prior to the approval of this act";

And whereas the President is authorized to determine and declare by proclamation the existence of similar protection for works by citizens of the United States as the purposes of the act may require;

And whereas satisfactory official assurance has been given by the Government of Great Britain that, by virtue of the authority conferred by the British copyright act, 1911, a British order in council was duly issued on February 9, 1920, directing that—

1. The copyright act, 1911, shall, subject to the provisions of the said act and of this order, apply to works first published in the United States of America between the 1st of August, 1914, and the termination of the war, which have not been republished prior to the commencement of this order in the parts of His Majesty's Dominions to which this order applies, in like manner as if they had been first published within the parts of His Majesty's Dominions to which the said act extends:

Provided that the enjoyment by any work of the rights conferred by the copyright act, 1911, shall be conditional upon publication of the work in the Dominions to which this order relates not later than six months after the termination of the war, and shall commence from and after such publication, which shall not be colourable only, but shall be intended to satisfy the reasonable requirements of the public.

2. The provisions of section 15 of the copyright act, 1911, as to the delivery of books to libraries shall apply to works to which this order relates upon their publication in the United Kingdom.

3. In the case of musical works to which this order relates and provided that no contrivances by means of which the work may be mechanically performed have before the commencement of this order been lawfully made, or placed on sale, within the parts of His Majesty's Dominions to which this order applies,

copyright in the work shall include all rights conferred by the said act with respect to the making of records, perforated rolls and other contrivances by means of which the work may be mechanically performed.

4. This order shall apply to all His Majesty's Dominions, Colonies, and Possessions with the exception of those hereinafter named, that is to say: The Dominion of Canada; the Commonwealth of Australia; the Dominion of New Zealand; the Union of South Africa; Newfoundland.

5. Nothing in this order shall be construed as depriving any work of any rights which have been lawfully acquired under the provisions of the copyright act, 1911, or any order in council thereunder.

6. This order shall take effect as from the 2nd day of February, 1920, which day is in this order referred to as the commencement of this order.

And the lords commissioners of His Majesty's treasury are to give the necessary orders accordingly.

Now therefore, I, Woodrow Wilson, President of the United States of America, do hereby declare and proclaim—

1. That one of the alternative conditions specified in sections 1 (e) and 8 (b) of the act of March 4, 1909, and acts amendatory thereof, including the act of December 18, 1919, now exists and is fulfilled and since February 2, 1920, has been fulfilled in respect to the subjects of Great Britain and the British Dominions, Colonies, and Possessions, with the exception of the self-governing Dominions of Canada, Australia, New Zealand, South Africa, and Newfoundland, and that such British subjects are entitled to all the benefits of the copyright act of March 4, 1909, and the acts amendatory thereof, including the act of December 18, 1919, for all of their works first published in Great Britain after August 1, 1914, and before the President's proclamation of peace, and not already republished in the United States:

Provided that the enjoyment by any work of the rights and benefits conferred by the copyright act of March 4, 1909, and the acts amendatory thereof, including the act of December 18, 1919, shall be conditional upon compliance with the requirements and formalities prescribed with respect to such works by the copyright laws of the United States before the expiration of fifteen months after the date of the President's proclamation of peace, and shall commence from and after compliance with

those requirements, constituting due registration for copyright in the United States.

2. That in the case of musical works to which this proclamation relates, and provided that no contrivances, including records, perforated rolls, and other devices by means of which the work may be mechanically performed, have been lawfully made or placed on sale within the United States before February 2, 1920, copyright shall include the special benefit of section 1 (e) of the copyright act of March 4, 1909, namely "copyright controlling the parts of instruments serving to reproduce mechanically the musical work."

3. Nothing in this proclamation shall be construed to abrogate or limit any rights and benefits conferred under the reciprocal arrangements with Great Britain or its self-governing Dominions providing for copyright protection heretofore proclaimed.

4. This proclamation shall take effect as from the 2nd day of February, 1920.

In testimony whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

WOODROW WILSON

By the President:

BAINBRIDGE COLBY

Secretary of State

GREAT BRITAIN—COPYRIGHT ORDER IN COUNCIL.

Feb. 9, 1920. At the Court at Buckingham Palace, the 9th day of February, 1920

Present, the King's Most Excellent Majesty; Lord President; Earl Curzon of Kedleston; Lord Colebrooke; Sir Frederick Ponsonby.

Whereas by reason of conditions arising out of the war difficulties have been experienced by citizens of the United States of America in complying with the requirements of the copyright act, 1911, as to first publication within the parts of His Majesty's Dominions to which

the act extends of their works first published in the United States of America during the war:

And whereas His Majesty is advised that the Government of the United States of America has undertaken, upon issue of this order, to extend the protection afforded by the United States law of December 18, 1919, entitled "An act to amend sections 8 and 21 of the copyright act, approved March 4, 1909," to British subjects:

And whereas by reason of the said undertaking of the Government of the United States of America His Majesty is satisfied that the said Government has made, or has undertaken to make, such provision as it is expedient to require for the protection of works first made or published between the 1st August, 1914, and the termination of the war in the parts of His Majesty's Dominions to which this order applies, and entitled to copyright under Part I of the copyright act, 1911:

And whereas by the copyright act, 1911, authority is conferred upon His Majesty to extend, by order in council, the protection of the said act to certain classes of foreign works within any part of His Majesty's Dominions, other than self-governing Dominions, to which the said act extends:

And whereas by reason of these premises it is desirable to provide protection within the said Dominions for literary or artistic works first published in the United States of America between August 1, 1914, and the termination of the war which have failed to accomplish the formalities prescribed by the copyright act, 1911, by reason of conditions arising out of the war:

Now, therefore, His Majesty, by and with the advice of His Privy Council, and by virtue of the authority conferred upon him by the copyright act, 1911, is pleased to order, and it is hereby ordered, as follows:

1. The copyright act, 1911, shall, subject to the provisions of the said act and of this order, apply to works first published in the United States of America between the 1st August, 1914, and the termination of the war, which have not been republished prior to the commencement of this order in the parts of His Majesty's Dominions to which this order applies, in like manner as if they had been first published within the parts of His Majesty's Dominions to which the said act extends:

Provided that the enjoyment by any work of the rights conferred by the copyright act, 1911, shall be conditional upon publication of the work in the Dominions to which this order relates not later than six months after the termination of the war, and shall commence from and after such publication, which shall not be colourable only, but shall be intended to satisfy the reasonable requirements of the public.

2. The provisions of section 15 of the copyright act, 1911, as to the delivery of books to libraries, shall apply to works to which this order relates upon their publication in the United Kingdom.

3. In the case of musical works to which this order relates and provided that no contrivances by means of which the work may be mechanically performed have before the commencement of this order been lawfully made, or placed on sale, within the parts of His Majesty's Dominions to which this order applies, copyright in the work shall include all rights conferred by the said act with respect to the making of records, perforated rolls, and other contrivances by means of which the work may be mechanically performed.

4. This order shall apply to all His Majesty's Dominions, Colonies, and Possessions with the exception of those hereinafter named, that is to say: The Dominion of Canada; the Commonwealth of Australia; the Dominion of New Zealand; the Union of South Africa; Newfoundland.

5. Nothing in this order shall be construed as depriving any work of any rights which have been lawfully acquired under the provisions of the copyright act, 1911, or any order in council thereunder.

6. This order shall take effect as from the 2nd day of February, 1920, which day is in this order referred to as the commencement of this order.

And the lords commissioners of His Majesty's treasury are to give the necessary orders accordingly.

ALMERIC FITZROY.

COPYRIGHT—DENMARK.

By the President of the United States of America.

A Proclamation.

Whereas it is provided by the Act of Congress of March 4, 1909, entitled "An Act to Amend and Consolidate the Acts Respecting Copyright," that the provisions of Section 1 (e) of said Act, "so far as they secure copyright controlling the parts of instruments serving to reproduce mechanically the musical work, shall include only compositions published and copyrighted after this Act goes into effect, and shall not include the works of a foreign author or composer unless the foreign state or nation of which such author or composer is a citizen or subject grants, either by treaty, convention, agreement, or law, to citizens of the United States similar rights":

And whereas it is further provided that the copyright secured by the Act shall extend to the work of an author or proprietor who is a citizen or subject of a foreign state or nation, only upon certain conditions set forth in section 8 of said Act, to wit:

(*a*) When an alien author or proprietor shall be domiciled within the United States at the time of the first publication of his work; or

(*b*) When the foreign state or nation of which such author or proprietor is a citizen or subject grants, either by treaty, convention, agreement, or law, to citizens of the United States the benefit of copyright on substantially the same basis as to its own citizens, or copyright protection substantially equal to the protection secured to such foreign author under this Act or by treaty; or when such foreign state or nation is a party to an international agreement which provides for reciprocity in the granting of copyright, by the terms of which agreement the United States may, at its pleasure, become a party thereto:

And whereas it is further provided by the Act of Congress approved December 18, 1919, "that all works made the subject of copyright by the laws of the United States first produced or published abroad after August 1, 1914, and before the date of the President's proclamation of peace, of which the authors or proprietors are citizens or subjects of any foreign state or nation granting similar protection for works by citizens of the United States, the existence of which

shall be determined by a copyright proclamation issued by the President of the United States, shall be entitled to the protection conferred by the copyright laws of the United States from and after the accomplishment, before the expiration of fifteen months after the date of the President's proclamation of peace, of the conditions and formalities prescribed with respect to such works by the copyright laws of the United States: Provided further, That nothing herein contained shall be construed to deprive any person of any right which he may have acquired by the republication of such foreign work in the United States prior to the approval of this Act."

And whereas the President is authorized to determine and declare by proclamation the existence of similar protection for works by citizens of the United States as the purposes of the Act may require;

And whereas satisfactory official assurance has been given by the Government of Denmark that the Royal decress of February 22, 1913, issued by virtue of the authority conferred by the Danish Copyright Law of April 1, 1912, extending to American authors the rights and privileges conferred by that law (including reproduction by mechanical instruments and cinematographic representation), were not cancelled during the war and that if protection is granted in the United States to works by Danish authors which have been published during the war, protection in Denmark for American authors would take effect automatically.

Now therefore, I, Woodrow Wilson, President of the United States of America, do hereby declare and proclaim

1. That one of the alternative conditions specified in Sections 1 (e) and 8 (b) of the Act of March 4, 1909, and acts amendatory thereof, including the Act of December 18, 1919, now exists and is fulfilled in respect to the subjects of Denmark, and that such Danish subjects are entitled to all the benefits of the Copyright Act of March 4, 1909, and the acts amendatory thereof, including the Act of December 18, 1919, for all of their works first published in Denmark after August 1, 1914, and before the President's proclamation of peace, and not already republished in the United States:

Provided that the enjoyment by any work of the rights and benefits conferred by the Copyright Act of March 4, 1909, and the acts amendatory thereof, including the Act of December 18, 1919, shall be conditional upon compliance with the requirements and formalities prescribed with respect to such works by the copyright laws of the United States before the expiration of fifteen months after the date of the President's proclamation of peace, and shall commence from and after compliance with those requirements, constituting due registration for copyright in the United States.

2. That in the case of musical works to which this proclamation relates, and provided that no contrivances, including records, perforated rolls and other devices by means of which the work may be mechanically performed, have been lawfully made or placed on sale within the United States before the date of this proclamation, copyright shall include the special benefit of Section 1. (e) of the Copyright Act of March 4, 1909, namely, " copyright controlling the parts of instruments serving to reproduce mechanically the musical work."

3. Nothing in this proclamation shall be construed to abrogate or limit any rights and benefits conferred under the reciprocal arrangements with Denmark heretofore proclaimed.

In testimony whereof, I have hereunto set my hand and caused the Seal of the United States to be affixed.

Done in the District of Columbia this ninth day of December in the year of our lord one thousand nine hundred
[SEAL.] and twenty and of the Independence of the United State of America the one hundred and forty-fifth.
